might wish to make this information available to friendly opposite numbers. The Director asked [redacted] to give this matter consideration. 25X1 noting that the information in question might be made public at an early date; therefore, if it was decided to act on DD/I's suggestion such action should be taken in the near future.

Colonel White:

a. Reported that the inclusion of positions of CIA in Schedule A was requested of the Civil Service Commission prior to the enactment of the CIA Act of 1949, Public Law 110, 81st Congress, and that despite this Act we had continued to cite Schedule A as our appointment authority. By reason of the fact that we were under Schedule A we were called upon to make certain reports to the Civil Service Commission from time to time, the latest of which would require us to furnish justifications for all Schedule A positions. DD/A has carefully considered this matter with General Counsel, the Personnel Office and the Civil Service Commission and there is unanimous agreement that this would be an appropriate time for CIA to fully implement its appointment authority by citing Public Law 110 in appointment actions and to request that CIA be deleted from Schedule A. The Director approved of this action.

b. Briefly reported on his conversation with Mr. Staats regarding cryptos and supergrades for OCB.
